- BILINGUAL BACHELOR IN SOCIAL SCIENCES

PROFESSIONAL OBJECTIVE

I am looking to expand my programming experience by collaborating in teams to develop and maintain quality web applications. My approach focuses on scalability, implementing good development practices and understanding end-user needs, ensuring effective and satisfactory technological solutions. Currently, my experience is focused on web applications, but I am excited to continue learning and expanding my knowledge to mobile applications.

EXPERIENCE

FRONT-END DEVELOPER

CEDEIRA SOFTWARE FACTORY | FEB 2023 - TODAY

- I was part of an electronic invoicing project, in charge of API integration tasks to manage the creation of invoices and review of receipts.
- Handling application states using Redux Toolkit.
- Creation of CustomHooks to encapsulate shared functionality, reusing code and simplifying components.
- I was part of a project creating a dashboard for company members using React Native and Expo.
- Testing applications, identifying and resolving errors to improve stability and end-user experience.

LOGISTIC ANALYST AND PRODUCT OWNER

GULF (DELTAPATAGONIA S.A.) | MAR 2021 - FEB 2023

- Logistics planning and coordination to supply the entire network of Gulf Argentina gas stations.
- Product Owner of the sales platform and LogicTracker in Argentina and Uruguay.
- Development and continuous improvement SAP B1 (SQL) database.
- Power BI: Strategic Dashboards at the operational, manager and executive levels.
- P&L and Pricing analysis
- Supply chain: Supply, stock control and logistics of lubricants
- Responsible for the development of the lubricant business

QLIK DEVELOPER SSR

MONSUN SRL | OCT 2016 - SEP 2020

- Qlikview and QlikSense
- Development of ETL processes
- Dashboard Designs (Pfizer, Jazmin Chebar, LoJack)
- Task Scheduling and Administration in QMC
- Technical and functional documentation
- Extraction of SQL and SAP B1 databases information
